REI VAN DER WALT

I am a dynamic and versatile Game Development student, currently honing my craft in the heart of South Africa. In addition to my creative skills, I possess a solid foundation in coding, proficiently utilizing C#, HTML, CSS, JavaScript, and C++.

PROFILE

Dedicated and creative Game Development student with expertise in the following: Unreal Engine 5, Unity, Blender, and the Adobe Suite. Proficient in character design, 3D modeling, and video editing, working with renowned YouTubers. Experienced in UI/UX design for games and skilled in coding with C#, HTML, CSS, and JavaScript. Committed to producing high-quality game content and user interfaces.
